

# ARTIE'S SCOOP

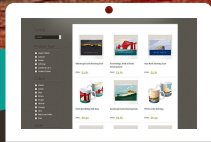

## Peter McDermott

Peter entered the West Surrey College of Art & Design at the age of 15, becoming the college's youngest student. After 5 years formal training, and following a period of 18 years spent in London where he rose to the position of Creative Director within a highly respected agency, Peter felt led to change direction, return to the country of his father, and pursue his first love, watercolours.

Now based on the Isle of Skye with his family, Peter has been painting professionally for just over 9 years, and in that time he has enjoyed successful exhibitions.
